

"A LIBERTY BOND IN EVERY HOME"

"It Is A Certificate of Patriotism"

Our country calls for popular subscription to 3 1-2 per cent bonds--an immediate wholehearted help. The struggle demands men, hardship, sacrifice and money. **BUY A BOND.**

Our young men, the pride and hope of our land, are volunteering and registering for service.

The "Liberty Bonds" will equip and keep them. It is your part and the least sacrifice you can make.

Heads of our great industries are appealing to the patriotism of their employees. Men and women of every walk must awaken to the facts and face a common duty. It is the best bond, as investment, on the globe. To buy one is the patriotic act of an American citizen. We must win this war for the permanent peace of the world.

Christian county is expected to do her duty. Won't you help? Anyone can buy these bonds from \$50 up by small and easy payments, as planned and provided by every bank in the county. Ask them about it, or any business man. Do not wait. Subscriptions close June 15th.

A chill after bathing, cooling off suddenly after exercise and drafts, give the cold germs a foot-hold that may lead to something worse. Safety requires early treatment. Flour at \$8.

Food Controller Hoover says the farmers who did not hold their wheat for speculative purposes last year sold for \$1.30 on an average, making \$5.20 worth of wheat in flour now being sold at \$16. He says flour ought to sell as low as \$8, allowing \$1.50 for a bushel of wheat. July wheat is now near \$2, but flour cannot be expected to reach a normal price until the government fixes the price of the new crop of wheat. President Wilson told a committee of Northwest farmers Saturday that prices would be fixed high enough to stimulate production. Federal ownership of grain elevators and exchanges was favored by the callers.
